

The Occupational Health Center

SAINT VINCENT HEALTH SYSTEM

1910 SASSAFRAS STREET, SUITE 200 • ERIE, PA • 814/452-7879

The Occupational Health Center (TOHC), a division of the Saint Vincent Health System, exists to provide valuable, quality, outpatient services that recognize and effectively respond to the unique needs of the employment community. We can facilitate the delivery of programs for wellness, injury prevention, and ergonomic evaluation for your employees. We are the only occupational medicine program with integrated, on-site, full service physical and occupational therapy provided by Saint Vincent Rehab Solutions.

Qualified Staff

Serving as The Occupational Health Center's Medical Director is Kathryn Buege, DO. Working along with Dr. Buege to provide exceptional occupational medicine are, Mark Vatauvuk, MD, Stephen Dobosiewicz, MD, and our Nurse Practitioners, Paul Dill, CRNP and Tom White CRNP.

Feedback

Employer representatives receive verbal and written communication on all services provided to their employees. In addition, our case management staff functions as an employer-physician liaison and aggressively assists in getting employees back to work in a timely manner.

24-Hour Drug & Alcohol Screening

The Occupational Health Center is the only local provider that offers 24-hour coverage for post-accident and reasonable suspicion drug and alcohol testing. Call 814/452-7879 to access our certified, on-call technicians. They will meet your employee(s) at the Saint Vincent Health Center Emergency Room and perform the screenings that you request.

TOHC Drug & Alcohol Testing Consortium

The Occupational Health Center provides a third party administration service, known as *TOHC Drug and Alcohol Testing Consortium*, to all interested employers having Federal DOT and/or company drug and alcohol testing requirements. The purpose of the program is to provide the administration of drug and alcohol testing for Consortium members in order to assist them in being compliant with the US Department of Transportation Federal Motor Carrier Safety Regulations and/or an individual company policy. We currently serve 53 companies with 979 active participants.

The Occupational Health Center Advantages

Location

Main office is centrally located in Erie in the new Saint Vincent Medical Office Building on Sassafras Street. Additional hours are offered at Elk Valley Medical Center.

Access

Appointments are **not required** for simple drug/alcohol testing.

Results

Results are reported immediately, following lab notification, to the designated employer representative.
